GIKEN INDUSTRIAL CO., LTD.

Dear Customer;

**ANZM-15000/20000/28000/30000 Production discontinuation information**

Thank you very much for your continued support.

Now, regarding the large nut runner series that has been used by customers until now,

Due to the discontinuation of production of the parts used (motor), as of April 15, 2024.

Production will be discontinued.

Our company has endeavored to produce by purchasing the parts we use in stock, but

We have come to the conclusion that future production will be difficult and have decided to discontinue production.

Thank you very much for your continued patronage.
