

Dear our value customers,

1/12/2021

Giken Industry Co., Ltd.

Notice of Air Nutrunner Price Change

Dear Sir, I would like to express my congratulations on your continued prosperity and prosperity.
Thank you for all the kindness you have shown me.

By the way, although it is abrupt, we are pleased to inform you that our air nutrunner
I am very sorry, but I will change the price.

As you know, the recent surge in raw material prices is remarkable.

In addition, in the global society, the number of companies working on environmental issues such as
carbon neutrality is accelerating further,

At present, most nutrunners have been replaced by electric types, and the demand for air nutrunners has
decreased.

For about 35 years, we have been striving to rationalize our production sites.

We have maintained our prices, but the conventional prices are no longer profitable.

Therefore, we will reluctantly revise the delivery price from January 1, 2022.

We appreciate your understanding and cooperation.

(Regarding orders placed by the end of December 2021, we will respond at the same price as before.)

For price details, please feel free to contact any of the sales outlets below.

Record

1. Implementation date: From orders received from January 1, 2022
2. Increased price: All air nut runner products
